Dear Kristen and all Staff,
Thank you (everyone) so much for all you do. I am thankful for every show I had to do, every meal, the classes and so much more. I've learned so much about myself. I'm proud for the certificates I've earned even more than my degree. My experience at the Haven has been life changing. Your introduction says "Recovery with Respect" and that has been true. I honestly thought I would have to write a thousand times to the Dr. Phil show to have this experience. (Ha Ha) I have. I'm excited and looking forward to the rest of my life and I can be happy and sober. Thank you so much. Always, Sheryl
What suggestions or solutions do you have to resolve your concern?
I would love a Haven tee shirt XL V neck if possible. ☺

Just want to take the time to Acknowledge my Recovery Coach Randi, She has been a very Big support in my Recovery. She goes out of her way to make us women feel like we matter. & makes sure we are happy & proud of the accomplishments we've already gone thru. She makes me feel strong & that I can do anything. I love that she's in my life & as my team of leaders who are pushing me to be the person I want to be. She left me a note on my bed of things she sees in me. & I hang it in my room so I can see them & say thank to my self every day. It encourages me & I can see myself being all those wonderful things she sees in me too. I just like to thank her for being such a wonderful person.
