Relevant experience and/or employment (attach resume if relevant)

I am a City Court Magistrate and for the last 14 years I have presided over City of Tucson's Domestic Violence Court. We established the court with federal grants and worked with many justice system and community partners, especially Emerge Center Against Domestic Abuse.

My resume is included

Why are you interested in our organization?

Many of the victims in my courtroom have substance abuse issues, past trauma and are even charged with domestic violence because of their use of resistant violence or self-defense. The who have ended up at The Haven seem to do remarkably well while so many of my other women are not successful. I have been very impressed with The Haven's impact on these women.

Area(s) of expertise/contribution you feel you can make:

I can certainly help connect The Haven to other justice partners who are working to lessen incarceration and help women improve their lives and battle their substance abuse issues. I think so many of the women with trauma have also experienced domestic violence, so my expertise might be helpful in that regard.

Other volunteer commitments:

None at this time.

Thank you for your interest in The Haven!
